

California Faucets Names Paulette Gibson Corporate Controller, and Stephany Nguyen is Promoted to Customer Service Manager

Significant growth noted as the impetus for California Faucets' new controller position and customer service promotion

(Huntington Beach, CA, June 26, 2015) California Faucets, manufacturer of fine quality custom faucets, trim, and accessories, appoints Paulette Gibson to the newly created position of corporate controller at its Huntington Beach, California headquarters. In addition, Stephany Nguyen is promoted to customer service manager—a testament to her many contributions to California Faucets' award winning customer service team. The appointments are a result of California Faucets' continued success and significant growth in recent years.

“Our rapid growth has necessitated a more robust approach to financial management,” states Jeff Silverstein, president and CEO of California Faucets. “Adding Paulette as our new corporate controller reflects our commitment to building a great company—and that starts with continuing to build the right team. Paulette has a strong background in corporate finance including a deep understanding of the needs of a fast growing, family-owned manufacturing company. Most importantly she is a great cultural fit with an open personality and clear, concise communication skills and the ability to translate complex financial issues into usable information for the entire management team.”

“California Faucets believes in developing talent and promoting from within whenever possible, and Stephany is a perfect example,” continues Silverstein, who notes the company was honored last year with DPHA's 2014 'Best Customer Service' Award. “As a long-time employee and an invaluable member of the team, Stephany played an invaluable role in contributing to this honor, and we are proud to see her take on the challenges of running the customer service department now.”
