

California Faucets' New Davoli Series Offers a Fresh Spin on Traditional Style in the Kitchen

Where Italian design meets California craftsmanship, you'll find Davoli, part of the new Kitchen Collection from California Faucets

Davoli Pull-Down Kitchen Faucet with 42 Series standard lever, in Polished Nickel (PVD) finish

(Huntington Beach, CA, November 17, 2015) California Faucets proudly introduces the Davoli Pull-Down Kitchen Faucet. Part of the company's new line, **The Kitchen Collection**, the **Davoli Series** offers a fresh spin on traditional design. From the company known for lavatory faucets made with high-quality craftsmanship and endless customization options, the new Davoli Series brings Old World European style to the kitchen sink, but with a modern twist. With uniquely customizable handle options, plus a full range of coordinating accessories including a pull-down prep/bar faucet, hot and cold water dispensers, soap dispenser, air activation switch for disposer, and air gap, Davoli lets designers and homeowners create a completely coordinated ensemble.

"With Davoli, we took the best of traditional Italian design and fused it with features important to the American market," says Jeff Silverstein, President and CEO of California Faucets. "The result is a kitchen faucet that is stately and luxurious, yet familiar and inviting at the same time," he adds.

Unlike most kitchen faucet lines, all California Faucets Kitchen Faucet series, including the Davoli Pull-Down Kitchen Faucet, offer a complete suite of coordinating accessories. And just like the faucets, all accessories are handcrafted with California Faucets signature solid brass construction.

For true personalization, the Davoli Pull-Down Kitchen Faucet features a choice of seven distinctive handle designs, ranging from modern to classic. And for a little extra bling, there's even a handle made of Swarovski® Crystal. Just like California Faucets lavatory faucets, the

Davoli Series kitchen faucet comes in 30 decorative finishes, including 15 PVD finishes with a lifetime guarantee against tarnishing.

Another noteworthy feature that illustrates a special attention to quality and detail is the Davoli's pull-down spray head. Including a magnetic docking for easy return, it offers seamless toggling back and forth between single stream and spray modes. Further, whereas most manufacturers utilize spray heads made of plastic, California Faucets proudly uses solid brass for this often cheapened faucet element.

Pricing for The Davoli Series begins at \$875 for the Pull-Down Kitchen Faucet in Polished Chrome. For a brief video featuring The Kitchen Collection, as well as a list of California Faucets Select Dealers nationwide, visit www.californiafaucets.com

ABOUT CALIFORNIA FAUCETS

At **California Faucets** we believe in artisan hands, not mass production. Since 1988, our factory in Huntington Beach, California has manufactured bath products that can be easily customized or purchased exactly as shown in our catalog. We proudly provide the latest in bath and shower technology with innovations, such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements, and are the heart of our ever-evolving line of faucets, shower fittings, luxury drains, and accessories. Utilizing the expertise we've perfected in the bath, we've applied the same concepts of handcrafted quality and customization to our first-ever line of kitchen faucets. Launched Fall 2015, The Kitchen Collection combines Italian design with California craftsmanship and offers a full range of matching accessories for a thoroughly coordinated look.
