

California Faucets DAVOLI Series Pull-Down Kitchen Faucet in Oil Rubbed Bronze Named “Best of Year” Honoree from *Interior Design*

DAVOLI’s nod in the kitchen fittings and fixtures category marks the fourth consecutive year California Faucets has received recognition from the premier design awards event

(Huntington Beach, CA, December 13, 2016) For the fourth straight year, California Faucets has been recognized by *Interior Design* magazine’s Best of Year (BoY) Awards. This year, the **DAVOLI Series Pull-Down Kitchen Faucet in Oil Rubbed Bronze** was recognized as an honoree in the highly competitive kitchen fittings and fixtures category. Davoli was one of 2,016 entries from 38 different countries judged by professionals in the architecture and design industry.

This year’s celebration marked the eleventh anniversary of the prestigious award competition. Over 900 designers, architects, manufacturers, and guests gathered in New York City at the Frank Gehry-designed IAC Building on December 1, 2016. The auditorium was standing room only as the winners were announced live by *Interior Design* hosts Cindy Allen, editor-in-chief, and Carol Cisco, publisher.

“Once again, we are both gratified and humbled by the design and architecture community’s consistent acknowledgement of our innovative products,” says California Faucets President and CEO Jeff Silverstein. “It’s also very special for us to have products from our newly launched **Kitchen Collection** celebrated two years in a row,” Silverstein adds,

noting that the company has won the prestigious award three of the last four and four of the last seven years.

There's more to fine finishes than sparkling chrome, and California Faucet's distinctive DAVOLI Pull-Down Kitchen Faucet in a rich Oil Rubbed Bronze is testament to this fact. But it's the Italian design merging with California craftsmanship that gets the second look. And to personalize a unique look, the new faucet's distinctive silhouette can be teamed with a choice of seven unique handles in an array of designs, ranging from modern to classic, which even includes a handle made of Swarovski® Crystal for a little extra bling.

While DAVOLI in Oil Rubbed Bronze received the nod from *Interior Design*, like all the faucets in **The Kitchen Collection** by California Faucets, the design offers more than 30 artisan finishes. Combined with the ability to tailor the handle style, this built-in flexibility breaks down boundaries in the realm of customization, giving designers the freedom they're looking for to achieve their unique vision.

But no matter which handle or finish you choose, the DAVOLI puts a fresh, contemporary spin on classic style, all while standing up to the rigorous demands of the hardworking sink area. This is made easier with its one-button toggling between spray modes.

Prior to this year's honoree recognition, California Faucets received the BoY award in 2015 for the Corsano™ Culinary Pull-Out Kitchen Faucet; in 2014 for ZeroDrain® "pop-down" sink drain; in 2013 for StyleDrain® Tile—a drain that allows the inlay of matching tile; in 2010 for CeraLine® channel drain; and the company also received a merit award in 2009 for its groundbreaking StyleDrain®, which was the industry's first ever decorative drain and created the now popular luxury drain category.

The DAVOLI Series Pull-Down Kitchen Faucet in Oil Rubbed Bronze is priced at \$1,094. Click [here](#) for a brief, entertaining video featuring DAVOLI and **The Kitchen Collection**.
