

Corsano Series Pull-Out Kitchen Faucet Delivers Space Saving Flexibility

With a low profile, 90-degree minimalist design and pull-out spray head, the Corsano infuses modern Italian style into even the most compact kitchen

(Huntington Beach, CA, April 4, 2017) For at-home chefs who desire a distinctive contemporary faucet but have less space to work with, California Faucets offers the **Corsano Series Pull-Out Kitchen Faucet**. Blending contemporary Italian design with American craftsmanship, the 100-percent solid brass faucet answers today's demand for a highly functional pull-out spray head. Part of the Kitchen Collection's Corsano Series, the pull-out faucet is a more petite version of the series' larger professionally styled pull-down faucet, making it perfect for kitchens where space between overhead cabinets and countertops may be limited.

"The Corsano Pull-Out is 90-degrees of contemporary cool," explains Noah Taft, California Faucets Senior Vice President of Marketing and Sales. "It's a minimalist faucet that gets right to the point, yet includes a convenient pull-out spray for maximum flexibility," Taft adds.

Like the award-winning professionally styled Corsano Culinary faucet and the slightly taller Corsano Pull-Down Faucet, the Corsano Pull-Out model offers handle options, coordinated accessories, and 100-percent brass construction. Homeowners can choose from stick or blade handle options, including Matte Black for a unique look. Coordinating accessories include a soap dispenser, air activation switch for disposer, and air gap. Plus, the faucet and accessories are all made of solid brass, including the Pull-Out spray head—an often cheapened element by many manufacturers. Additionally, the spray head allows for seamless toggling between single stream and spray modes—a feature only seen in a few other brands.

Faucet with Stick Handle
in Satin Nickel**

Like all faucets and accessories in the Kitchen Collection, the Corsano Pull-Out comes in a selection of more than 30 artisan finishes, including 15 PVD finishes with a lifetime guarantee against tarnishing. For those looking to coordinate with popular stainless steel appliances, the newly introduced Ultra Stainless Steel™ (PVD) finish is a perfect match. And since it's a physical vapor deposition (PVD) finish, it offers unrivaled durability.

And for designers and homeowners seeking a departure from shiny stainless steel and chrome finishes, California Faucets introduces Carbon (PVD). A unique take on matte black, the Carbon (PVD) finish has the color of a number-two pencil. It features a slightly lighter ray nuance and more depth of color.

Pricing for the Corsano Series Pull-Out Kitchen Faucet starts at \$859 for Polished Chrome. For a list of California Faucets Select Dealers nationwide, visit www.californiafaucets.com.

About California Faucets

At California Faucets we believe in artisan hands, not mass production. Since 1988, our factory in Huntington Beach, California has manufactured bath products that can be easily customized or purchased exactly as shown in our catalog. We proudly provide the latest in bath and shower technology with innovations, such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements, and are the heart of our ever-evolving line of faucets, shower fittings, luxury drains, and accessories. Leveraging the expertise we've perfected in the bath, we've applied the same concepts of handcrafted quality and customization to our first-ever line of kitchen faucets. Launched Fall 2015, **The Kitchen Collection** combines Italian design with California craftsmanship and offers a full range of matching accessories for a thoroughly coordinated look. For more information about California Faucets call 800-822-8855 or visit www.californiafaucets.com.
