

California Faucets Adds Elegant Cylinder Handle to Bel Canto Faucet Series

New handle further streamlines the faucet silhouette for a truly minimalist style

(Huntington Beach, CA, May 17, 2019) California Faucets expands its Bel Canto single-hole lavatory faucet collection with the **E3 Cylinder Handle**, an option that eliminates the lever handle for a fully modern, streamlined look. A geometric juxtaposition, the Bel Canto series marries an elegant, elongated cylinder stem with a crisp, thin rectangular spout and lever handles. By eliminating the lever, the new Cylinder Handle artfully preserves those overall design elements while further modernizing and simplifying the appearance.

Left: Bel Canto single-hole lavatory faucet in Satin Nickel;
Right: Bel Canto with Matte Black handle

The Cylinder Handle is a small hub atop the faucet stem, identical and nearly seamless in shape. Users push the hub to operate the faucet and move it left or right to adjust the temperature. The handle can be specified in the same finish as the rest of the faucet, or, for a striking contrast, in an elegant finish such as **Matte Black**.

"Designers and consumers alike love the ingenuity of Bel Canto's vertically oriented spout, and the new minimalist handle option speaks to the demand for design-forward European design," says Noah Taft, Senior Vice President of Marketing and Sales. "To make things even more interesting, consider pairing with a contrasting handle in matte black, one of our longstanding handcrafted finishes that has grown significantly as people have realized there are beautiful options beyond vanilla."

Like other Bel Canto models, the faucet's unique spout delivers water in a vertical sheet for a cool waterfall effect, furthering its status as a modern art piece.

The single-hole faucet comes in two sizes: a tall 14-7/8" overall height or a more compact 8-1/2" overall height. Twenty-eight finishes are available, including Satin Nickel, Burnished Brass, Carbon, French Gold, Matte Black, and White.

About California Faucets

At California Faucets we believe in **artisan hands**, not mass production. Since 1988, our factory in Huntington Beach has manufactured handcrafted bath products available in more than 30 artisan **finishes** that can be easily customized or purchased exactly as shown in our catalog. We proudly provide the latest in bath and shower technology with innovations such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements and are the heart of our ever-evolving line of bath faucets, shower fittings, luxury drains, and accessories. We've also applied the same handcrafted quality and custom options to a full line of kitchen faucets. Our **Kitchen Collection®** combines Italian design with California craftsmanship and offers a full range of matching accessories for a thoroughly coordinated look.
