Soap Dish bath accessories for  
Monterey Series Art Deco faucet

(Huntington Beach, CA, August 29, 2019)

Readers of *Kitchen and Bath Business* magazine, a leading trade publication serving kitchen and bath designers, have voted California Faucets a winner in four categories in the **2019 Reader' Choice Awards**. Winners in the seventh-annual contest were selected by a readership comprised of designers, remodelers, and others, who cast a record 31,000 votes this year. Readers chose their favorite products based on criteria including manufacturer support, local availability, price point for their typical client budget, and category-specific attributes.

## California Faucets earned honors in the categories of Kitchen Faucets, Bath Faucets, Bath Accessories, and Shower Systems:

### KITCHEN FAUCETS

California Faucets' award-winning Kitchen Collection, recognized for criteria including water efficiency and style/aesthetics/finish, spans traditional, transitional, and contemporary faucets in Pull Down, Pull Out, Culinary, and Prep/Bar models, in addition to Pot Fillers. Each series features a full suite of accessories, including Soap Dispensers, Hot and Cold Water Dispensers, Dual Hot/Cold Water Dispensers, and Garbage Disposer Air Switches. Just one example is the Descanso® Kitchen Pull-Down Faucet, featuring a cylindrical shape and knurling for an industrial-inspired style.

### BATH FAUCETS

Like in the kitchen category, KBB readers selected bath faucet winners based on water efficiency and style/aesthetics/finish. California Faucets' bath faucet lines provide designers and consumers with tremendous flexibility to mix and match virtually any handle with any spout in any of the 28 available finishes. For instance, the Rincon Bay® widespread bath faucet can now be specified with cross handles to take its Mid-Century Modern style in a more traditional direction.

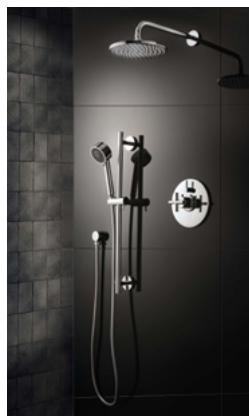

### BATH ACCESSORIES

California Faucets offers accessories to match every faucet series, allowing for a completely coordinated look that helps define the style of the bathroom. All accessories are available in the company's 28 artisan finishes. Criteria in this category included style and aesthetics, and the ability to coordinate with fixtures.

### SHOWER SYSTEMS

California Faucets' shower systems, recognized based on style and water efficiency, were the first in the world with a CALGreen®-compliant thermostatic valve, which meets the most stringent water conservation requirements in the country today. The systems combine premium performance and tremendous design versatility, but at a similar price to inferior standard technology such as pressure balance.

"Receiving reader recognition for a single product category is a wonderful honor, but winning in four different categories is beyond gratifying," says Jeff Silverstein, President and CEO, California Faucets. "We deeply thank KBB's readers for their validation and pledge to continue bringing innovative, handcrafted fittings to market."

## About California Faucets

At California Faucets we believe in **artisan hands**, not mass production. Since 1988, our factory in Huntington Beach has manufactured handcrafted bath products available in **28 finishes** that can be easily customized or purchased exactly as shown in our catalog. We proudly provide the latest in bath and shower technology with innovations such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements and are the heart of our ever-evolving line of bath faucets, shower fittings, luxury drains, and accessories. We've also applied the same handcrafted quality and custom options to a full line of kitchen faucets. Our **Kitchen Collection** combines Italian design with California craftsmanship and offers a full range of matching accessories for a thoroughly coordinated look. For more information about California Faucets call 800-822-8855 or visit [CaliforniaFaucets.com](http://CaliforniaFaucets.com).
