California Faucets' Roxbury StyleDrain® by Christopher Grubb Infuses Iconic Style into the Bath

With its abstract zigzag pattern, Roxbury provides the finishing touch to a variety of decor styles from urban modern to old Hollywood glam

(Huntington Beach, CA, July 23, 2020) A striking finishing touch for today's luxury showers, **Roxbury StyleDrain®** joins California Faucets' collection of patented StyleDrain offerings. The third of four styles by award-winning Beverly Hills Interior Designer Christopher Grubb, Roxbury features an abstract zigzag pattern that imparts a bold sense of personality into showers, both inside and out.

"Roxbury StyleDrain's fun yet sophisticated design is part herringbone, part woven basket. Its striking zigzag pattern

uniquely adds personality to both traditional and contemporary decors," says Jeff Silverstein, California Faucets President and CEO.

"I've always been inspired by the grid-like patterns made by intersecting city streets, that quintessential view from the hills of the zig zagging roads below. Roxbury brings that same feeling of excitement into the bath," explains Christopher Grubb, President/Founder of Arch-Interiors Design Group, who has been designing elegant bathrooms for residential, commercial, hospitality, and healthcare facilities with his signature architectural flair for over 25 years.

Like a piece of jewelry for the bath, Roxbury is a beautiful focal point. Made of solid brass, it has no visible or protruding screws, making it comfortable to stand on. Plus, its durable construction means the drain won't bend or give underfoot. Roxbury StyleDrain measures 5¼" sq. and ranges in price from \$239 for Polished Chrome to \$382 in a premium finish such as Black Nickel. StyleDrains are suited for both indoor and outside applications.
