California Faucets' Quad Spout Brings Fresh New Look to its Award-Winning Kitchen Collection

A unique alternative to the typical arc-shaped spout, Quad Spout's right angles lend a touch of edgy style to most any decor

(Huntington Beach, CA, June 8, 2021) With a refreshingly different geometric shape, California Faucets' new Quad Spout stands apart from the typical arc spouts we expect to see in the kitchen. The design's squared-off shape is especially striking when paired with the recently introduced Squeeze Handle Sprayer. While the distinctive yet customizable Quad Spout design can exude an industrial flair, it is versatile enough to complement traditional, transitional, or contemporary design schemes.

“Cool. Unique. Unusual.” These three words sum up California Faucets’ President and CEO Jeff Silverstein’s description of the company’s new Quad Spout kitchen faucet. “Full of right angles, our Quad Spout is the non-conformist in the sea of curvy kitchen faucets,” says Silverstein, who quips, “It’s hip to be square.”

Made of solid brass, Quad Spout’s artfully measured right angles and horizontal lines stand slightly shorter than a standard arc faucet. This makes it a great solution for tight kitchen quarters (including lofts) with open shelves above the sink or anywhere space might be a premium. And when teamed with the new Squeeze Handle option, Quad Spout presents the ultimate in an industrial semi-pro look and operation.

Available for all Kitchen Collection series from the traditional Davoli Series and industrial-inspired Descanso Series to the contemporary Poetto Series and Corsano Series, Quad Spout features convenient 360-degree rotation. Its easy-to-clean spray jets withstand buildup, and it offers a generous 1.8 gpm flow rate. Adding to its versatility, Quad Spout offers the ability to mix and match handles. Users can also choose between the standard Pull-Down spray and the semi-professional style Squeeze Handle Sprayer. A full suite of coordinating accessories allows homeowners and designers to customize the ideal kitchen faucet. Plus, with more than 28 artisan finishes to choose from (including 14 PVD finishes with a lifetime warranty against tarnishing) there is a faucet to reflect virtually any design vision.

Pricing starts at \$985 for Pull-Down Quad Spouts in Polished Chrome.
