## Custom Luxury Shower Leader California Faucets Now Offers Pre-Configured StyleTherm® Kits

The kits enable busy designers and consumers alike to choose a look from the company's most popular series without having to custom-select every detail

**Transitional-styled Morro Bay StyleTherm  
Shower Kit in Lifetime Polished Gold finish**

(Huntington Beach, CA, March 11, 2022) While known as the interior designer's source for customizing the ideal personalized shower environment, California Faucets now also offers pre-configured kits for its **StyleTherm®** Shower Systems. The new kits make their most popular designs even more accessible to designers and consumers alike, who now have the option of choosing from the company's most popular series. The pre-selected looks enable the ordering of everything needed for a luxury shower in one single transaction.

### **Traditional-styled Montecito StyleTherm Shower System in Polished Nickel finish**

Available in the full gamut of styles from traditional to contemporary, each kit offers a complete thermostatic shower solution with precision temperature control, state-of-the-art showerheads, handshowers, body sprays, and luxury drains. The kits are ideal for those without a specific look in mind, and who would prefer to skip the “a la carte” shopping. While minimizing design decisions, the kits also help provide creative inspiration for those seeking ideas for a new shower or remodel.

“Our StyleTherm kits help make designing your shower a snap,” says Noah Taft, California Faucets Chief Marketing Officer. “We’ve done the legwork by including the correct components for each kit so customers can be assured they got it right.” Taft further notes that customer orders will arrive complete, ready to install, and bring peace of mind. “As Da Vinci once said, sometimes ‘simplicity is the ultimate sophistication,’” quips Taft.

Whether building a basic shower or creating a complete at-home spa, the process is easy. Just choose your style from designs including the traditional Venice and Topanga, the transitional Rincon Bay, Morro Bay, and Miramar, the contemporary Montara and the industrial-inspired Descanso. Select from the available configurations, which include handshowers, body sprays, and designer drains. Then pick from over 25 available hand-applied finishes such as trending Satin Brass or Matte Black.

Like all California Faucets products, StyleTherm Shower Kits are made to order in our Huntington Beach, California factory. Pricing begins from \$643 for select styles in Polished Chrome to \$4,756 in premium finishes such as Satin Bronze. Pressure balance kits are also available.

### **About California Faucets**

At California Faucets we believe in **artisan hands**, not mass production. Since 1988, our factory in Huntington Beach has manufactured handcrafted bath products available in 28 **finishes** that can be easily customized or purchased exactly as shown in our catalog. We proudly provide the latest in bath and shower technology with innovations such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements and are the heart of our ever-evolving line of bath faucets, shower fittings, luxury drains, and accessories. We’ve also applied the same handcrafted quality and custom options to a full line of kitchen faucets. Our **Kitchen Collection** combines Italian design with California craftsmanship and offers a full range of matching accessories for a thoroughly coordinated look.
