California Faucets' Single Handle Tub Filler Wins Prestigious Good Design® Award

Sleeker, more streamlined high flow rate tub filler recognized for innovative ability to fill a large tub in record time

Asilomar Single Handle Tub Filler

(Huntington Beach, CA, April 28, 2022) California Faucets has been recognized for innovation and cutting-edge design with a **2021 Good Design® Award**. The award program organized by The Chicago Athenaeum to honor industry leaders in design and manufacturing recently announced the 2021 winners, which includes California Faucets' **High Flow Rate Single Handle**

Tub Filler. With a flow rate previously only available in two-leg styles, the new, streamlined single-hole solid brass tub fillers not only look sleek and elegant, but they're also efficient enough to fill a large tub in a record-breaking less than four minutes.

"We're proud to be recognized by the world's oldest, most distinguished program for design excellence and innovation," says California Faucets President and CEO Jeff Silverstein. "Historically, single hole tub fillers looked nice but were not very practical because the weak water flow left much to be desired," Silverstein explains. "Our team worked tirelessly to engineer single-handle models that innovatively offer elegant, streamlined looks without sacrificing a superior flow rate. A proverbial 'win-win,'" says Silverstein.

Founded in 1950, the award created by Eero Saarinen and Charles and Ray Eames saw a record number of submissions in 2021. The High Flow Rate Single Handle Tub Filler was one of over 1,100 category entrants from over 55 nations.

See the official 2021 Good Design Award listing [here](#).

“Historically, single hole tub fillers looked nice but were not very practical because the weak water flow left much to be desired.

Our team worked tirelessly to engineer single-handle models that innovatively offer elegant, streamlined looks without sacrificing a superior flow rate.

A proverbial ‘win-win.’”

—Jeff Silverstein, California Faucets President and CEO

About California Faucets

At California Faucets we believe in **artisan hands**, not mass production. Since 1988, our factory in Huntington Beach has manufactured handcrafted bath products available in 28 **finishes** that can be easily customized or purchased exactly as shown in our catalog. We proudly provide the latest in bath and shower technology with innovations such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements and are the heart of our ever-evolving line of bath faucets, shower fittings, luxury drains, and accessories. We've also applied the same handcrafted quality and custom options to a full line of kitchen faucets. Our **Kitchen Collection** combines Italian design with California craftsmanship and offers a full range of matching accessories for a thoroughly coordinated look. For more information about California Faucets call 800-822-8855 or visit CaliforniaFaucets.com.
