Descanso Works™ Expands Flexibility of California Faucets Industrial-inspired Series

The addition of two new handle designs enhances the original Descanso® Series style and offers fun, new options for customizing

(Huntington Beach, CA, July 26, 2022) **California Faucets** has expanded on its popular Descanso® Bath Collection with **Descanso Works™**. The spinoff collection features two cool new handle options that further complement the industrial vibe of this flexible series. With ergonomic Wheel handles and vintage Lever handles evoking the industrial era of the 1930's and 40's, Descanso is even more versatile, giving designers and homeowners alike yet another way to personalize the bath.

“Descanso Works carries over the popular detailing of the original Descanso series that homeowners and designers love,” says California Faucets CEO Jeff Silverstein. “Whereas the original series interprets industrial chic with hash mark-texture knurling and carbon fiber inserts, Descanso Works relies on a retro-inspired vibe with fun, valve-like Wheel and Lever handles,” Silverstein adds.

Both the Wheel and the Lever handle were inspired by the look of authentic mid-century valves. The Lever handles add a whimsical and retro-mechanical touch to the collection and come in any of California Faucets’ 28-plus artisan finishes. The Wheel handles are ergonomically designed for easy grip and turn. Plus, in addition to the company’s artisan finishes, the Wheel handles are exclusively available in a contrasting Matte Black or dramatic Red Powder Coat finish. Two spout choices, both High and Low spout, offer additional personalization options.

Pricing for the Descanso Works series starts at \$635 for the Single Hole Bath Faucet with Low spout and Lever handle in Polished Chrome. The 8" Widespread Descanso Faucet with Lever handle and High spout in Premium finishes such as Satin Bronze and Lifetime Polished Gold lists for \$1,504.
