California Faucets Presents the Trousdale™ Series by Christopher Grubb

Part transitional, part timeless traditional, Trousdale's elegant fluting detail echoes the power, grace, and majesty of architectural columns

(Huntington Beach, CA, November 30, 2022) California Faucets unveils the **Trousdale™ Series**, one of two new bath faucets created in collaboration with award-winning interior designer Christopher Grubb. Trousdale's elegantly fluted spout base, handles, and accessories represent the same rhythm and symmetry as architectural columns used throughout history. Paired with either cross or lever handles, Trousdale harmoniously blends with a variety of design styles, infusing modern luxury into virtually any bath.

Trousdale's elegant fluting detail resembles architectural columns

"I've always admired the timeless beauty of architectural columns, and California Faucets 'finished-by-artisan-hands' products emanate the beauty and quality that my clients expect," says Grubb. "A designer-favorite brand for a reason, the ability to offer so many customization options and beautiful finishes made our collaboration on Trousdale a natural fit."

"We're excited to have the highly adaptable Trousdale Series join our repertoire of award-winning bath faucets," says Jeff Silverstein, California Faucets Chief Executive Officer. "Christopher's unique design gives homeowners and designers the tools they need to create luxurious and memorable looks for the bath."

Trousdale offers an array of coordinated accessories including towel bars, hooks, paper holders, tub fillers, showerheads, handshowers, tub and shower trim, cabinet hardware, and more. The wide selection allows designers and homeowners alike to carry a cohesive design statement throughout the bath. Trousdale's distinctive style is further elevated with California Faucets' 25-plus artisan finishes. Choose a satin finish to elegantly enhance the fine fluting details or change the mood with a darker, burnished finish for an industrial flair.

Like all California Faucets products, the Christopher Grubb Lavatory Collection is built-to-order in California Faucets' Huntington Beach, California factory. Pricing for the Trousdale Collection starts at \$1,159 in polished chrome.

About California Faucets

At California Faucets we believe in **artisan hands**, not mass production. We've been designing, finishing, and assembling solid-brass bath products at our Huntington Beach factory since 1988. Available in 25+ artisan **finishes**, every faucet can be easily customized or purchased exactly as shown in our catalog. Our popular bath collections proudly provide the latest in bath and shower technology with innovations such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements and are the heart of our ever-evolving line of bath faucets, shower fittings, luxury drains, and accessories. We've also applied the same handcrafted quality and custom options to a full line of kitchen faucets. Our **Kitchen Collection** combines Italian design with California craftsmanship and offers a full range of matching accessories for a thoroughly coordinated look.
