California Faucets Presents the Doheny™ Series by Christopher Grubb

With a unique banding detail that allows for split finishes, Doheny makes dynamic use of the octagon—a shape revered throughout history

(Huntington Beach, CA, January 31, 2023) California Faucets unveils the **Doheny™ Series**, one of two new bath faucets created in collaboration with award-winning interior and product designer Christopher Grubb. Characterized by its unique octagon shape, Doheny calls to mind the historical architecture of castles, monuments, and cathedrals, as well as more recent Art Deco and Mid-Century designs. A striking band detail around Doheny's handle adds depth and texture while offering designers and homeowners the option of creating a split-finish look. But the freedom to customize doesn't stop there. With 25-plus artisan finishes to choose from, the possible color combinations are endless.

"Memories of playing with building blocks as a child inspired Doheny," says Grubb. "I've always been fascinated with bold shapes and as I've traveled the world, I've noticed how geometric forms like the octagon are found in notable architecture throughout history, right up to today," Grubb adds, noting the octagon shape is highly valued in Feng Shui since it's believed to balance energy and prosperity.

"Doheny brings Christopher's signature architectural style to life in the bath. As part of our first-ever series created alongside an interior designer, Doheny offers a fun yet elegant way to infuse classic shapes and modern style into virtually any bath environment."

—Jeff Silverstein, California Faucets Chief Executive Officer

The Doheny Series features two distinctive handle designs. Both block and lever styles reflect octagonal shapes and allow for a mix of finish combinations, if desired. With more than 25 artisan finishes to choose from, including 15 PVD finishes that are guaranteed against tarnishing, the ways to customize this dynamic series are truly endless.

Beyond the faucet, the Doheny Series offers a complete array of coordinated accessories designed by Grubb. Matching handshowers, towel bars, hooks, paper holders, and cabinet knobs and pulls all make use of the octagon. Even the shower plate and volume controls are uniquely octagonal. Plus, like all California Faucets series, Doheny's showers feature the cutting-edge StyleTherm shower system to ensure the most comfortable shower every time. All these elements give designers and homeowners the tools they need to create a cohesive architectural-inspired bath environment.

Like all California Faucets products, the Doheny Series is made of solid brass and hand-finished in California Faucets' Huntington Beach factory. Pricing for the Doheny Collection starts at \$1,479 for a bath faucet in Polished Chrome.

About California Faucets

At California Faucets, we believe in **artisan hands**, not mass production. We've been designing, finishing, and assembling solid-brass bath products at our Huntington Beach factory since 1988. Available in 25+ artisan **finishes**, every faucet can be easily customized or purchased exactly as shown in our catalog. Our popular bath collections proudly provide the latest in bath and shower technology with innovations such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements and are the heart of our ever-evolving line of bath faucets, shower fittings, luxury drains, and accessories. We've also applied the same handcrafted quality and custom options to a full line of kitchen faucets. Our **Kitchen Collection** combines Italian design with California craftsmanship and offers a full range of matching accessories for a thoroughly coordinated look.
