California Faucets Expands Kitchen Collection with New Squeeze Handle Designs

Two new looks—complete with coordinating kitchen accessories—join a treasure trove of designer choices for the ultimate in customization

(Huntington Beach, CA, March 7, 2023) California Faucets unveils two new ergonomic squeeze handle designs for its popular Kitchen Collection. While Descanso Works offers a fresh take on industrial chic style, La Spezia boasts a cantilevered contemporary design. The new styles mean even more choices for those looking to add a “semi-pro” flavor and to personalize their luxury kitchen.

“The squeeze handle is sure to make you feel like a professional chef, even if you’re just boiling pasta,” says Noah Taft, California Faucets Chief Marketing Officer. “While it offers a powerful spray, the sprayhead handle makes it a breeze to “squeeze.” Taft notes that the sprayhead is insulated to protect against scalding and has a proprietary docking system to keep it in place. “This avoids the unsightly ‘dangle’ that can occur with some brands when they don’t retract properly,” Taft adds.

The Descanso Works series now features an industrial-inspired pull-down squeeze sprayer and Ball Lever faucet handle. While Descanso Works is reminiscent of the vintage valves found in the 1930s and 40s industrial era, La Spezia is a crisp and modern kitchen faucet design with a cantilevered body for visual interest teamed with a stately lever handle. This makes the La Spezia the ideal complement to the most stylishly sleek kitchen designs.

Made of solid brass, the two new designs along with the California Faucets entire Kitchen Collection offers a complete line of coordinated accessories. This enables designers and homeowners alike to carry the look throughout the kitchen with matching soap dispensers, pot fillers, garbage disposer switches, and prep faucets featuring the same distinctively stylish details. Ensuring nothing is overlooked, there’s even a complete line of matching cabinet hardware and appliance pulls to further enhance the look.

Beyond the array of styles and wide selection of accessories, each faucet is available in more than 25 artisan finishes, including PVD finishes that are guaranteed not to tarnish. This abundance of finishes enables designers and homeowners alike to create a cohesive look throughout the kitchen. Whether they’re going for a retro-industrial or modern and minimal look, California Faucets Kitchen Collection offers the tools and unmatched versatility to create a one-of-a-kind kitchen.
