DANCING IN THE RAIN: California Faucets Debuts New Ultra- Thin Contemporary Showerheads

Available in both round and square styles, the new larger size expands on the company's already robust collection of ultra-thin rain showerheads

(Huntington Beach, CA, February 8, 2023) California Faucets announces the expansion of its popular Ultra-Thin Showerhead series with new 16-inch Contemporary options. The new showerheads are larger in diameter for a fuller more generous spray that envelopes you like rain. Exceptionally thin and presented in two shapes—a geometric **square** design or a more curvaceous **round** option—the larger showerheads satisfy users desire for style as well as a sumptuous spa-like shower, while bringing a sense of modern elegance to the bath.

The 16-inch Ultra-Thin Round Contemporary Showerhead offers a sumptuous spa-inspired rainshower

16-inch Ultra-Thin Square Contemporary Showerhead

“Whether you enjoy singing in the shower or singing in the rain, our new ultra-thin contemporary showerheads let you do both. The large, wider diameter fully covers you with the soothing, spa-like feel of rain for a luxuriously relaxing bath experience,” says Jeff Silverstein, California Faucets Chief Executive Officer, who notes that like all of their products, the new showerheads are made of solid brass so they’re durable and built-to-last.

The new 16-inch style joins an array of existing options including 6-, 8-, 10-, and 12-inch sizes—all satisfying a desire for a sleeker, yet bolder look in today’s modern bath. Each size features self-cleaning rubber jets that make maintenance a breeze. Plus, combined with the recently introduced ultra-thin traditional style showerheads, there’s a thin, streamlined California Faucets showerhead for virtually every design need.

Even though the contemporary showerheads measure only 5/16 inch thick, they offer generous water flow for a rejuvenating rain shower experience. See for yourself with these videos by California Faucets of both the [Ultra-Thin Round Contemporary Showerhead](#) and [Ultra-Thin Square Contemporary Showerhead](#).

Like all of the company’s Huntington Beach factory-finished products, the showerheads are available in a selection of 25-plus artisan finishes, including 15 PVD finishes with a lifetime warranty against tarnishing.

The new 16-inch SH-162 and SH-177 showerheads start at \$1,059 in Polished Chrome.

“Whether you enjoy singing in the shower or singing in the rain, our new ultra-thin contemporary showerheads let you do both. The large, wider diameter fully covers you with the soothing, spa-like feel of rain for a luxuriously relaxing bath experience.”

—Jeff Silverstein, California Faucets Chief Executive Officer

About California Faucets

At California Faucets, we believe in **artisan hands**, not mass production. We’ve been designing, finishing, and assembling solid-brass bath products at our Huntington Beach factory since 1988. Available in 25+ artisan **finishes**, every faucet can be easily customized or purchased exactly as shown in our catalog. Our popular bath collections proudly provide the latest in bath and shower technology with innovations such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements and are the heart of our ever-evolving line of bath faucets, shower fittings, luxury drains, and accessories. We’ve also applied the same handcrafted quality and custom options to a full line of kitchen faucets. Our **Kitchen Collection** combines Italian design with California craftsmanship and offers a full range of matching accessories for a thoroughly coordinated look.
