# California Faucets “Bridges” Gap Between Form and Function with New Kitchen Collection

Spanning from traditional to contemporary, the comprehensive new Bridge Faucets bring fresh new looks to the unique bridge-style genre

(Huntington Beach, CA, October 31, 2023) California Faucets has expanded its popular kitchen collection with a new take on a timeless favorite: the bridge-style faucet. The **Bridge Kitchen Faucet Collection** features a lively two-hole design inspired by fittings from the mid-to-late 1800s. Like two rivers that meet at the confluence, the design stands tall on two legs, allowing the hot and cold water to mix together before ascending the spout and cascading gracefully into the sink. Recently

named “2023 Kitchen Fixture of the Year” by Decorative Plumbing and Hardware Association (DPHA), the new Bridge collection stretches the style gamut from traditional and transitional to contemporary and industrial. With a myriad of handle options, a complete selection of matching accessories, and more than 25-plus artisan finishes, designers have everything they need to personalize their own iconic Bridge.

“The new series helps to ‘bridge’ the gap between timeless functional design and the desire for modern shapes and clean lines,” says California Faucets CEO Jeff Silverstein. “To borrow from ZZ Top, ‘They’ve got legs, and they know how to use them,’” he quips.

A utilitarian design that harks back to the early days of indoor plumbing, bridge style faucets have been around for over a hundred years. They’re a beautiful match with farmhouse style sinks and are typically found within traditional spaces. But California Faucets has added contemporary styles, thus expanding the available range of looks to meet virtually any design vision. The collection includes a choice of arc and quad spouts, a myriad of handles, and an optional side spray that’s insulated for comfort even at high temperatures. Matching accessories such as soap dispensers, air gaps, disposer switch, hot/cold water dispensers, cabinet knobs and pulls, and appliance hardware offer design continuity throughout the kitchen.

The new Bridge Collection comes in the traditional **Davoli Series**, the industrial-inspired **Descanso Series** with optional knurled texture and carbon fiber inserts, the contemporary **Corsano Series** and the retro-industrial **Descanso Works** series featuring ball-lever and wheel handle options. All Bridge Collection kitchen designs are available in any of California Faucets 25-plus artisan finishes, including ultra-durable PVD finishes that are guaranteed not to tarnish.

Pricing for the Bridge Kitchen Faucet starts at \$1,495 in Polished Chrome.
