California Faucets Shines Bright in the Shower with WaterSconce™

Inspired by Hollywood spotlights, WaterSconce™ gives major main character vibes and a spa-like shower experience

Left: WaterSconce, inspired by Hollywood spotlights, in Satin Bronze with knurled edge detailing; Right: WaterSconce in Polished Chrome with coined edge detailing

(Huntington Beach, CA August 6, 2024) Lights...Camera...WaterSconce™! California Faucets presents its newest multifunction showerhead, WaterSconce. Designed to resemble a spotlight, the solid brass showerhead lets users choose between rain, air, and massage settings for a spa-like shower experience. Available in any of California Faucets' 25-plus artisan finishes, the bold WaterSconce features unique edge detailing for easy grip while toggling between functions. Designers and homeowners can choose between a **knurled** edge, similar to the etchings found on tools, or a **coined** edge, like the side of a dime.

"WaterSconce steals the show in the shower," says California Faucets Chief Marketing Officer Noah Taft, adding, "Like a leading actor, WaterSconce commands attention. And its imposing presence is enhanced by its artisan-applied finish and distinctive edge detail."

The eye catching WaterSconce showerhead was designed to stand out and be appreciated. Made of solid brass, the housing has a sturdy look and feel while detailed edging adds a touch of texture to the shower area. Designers and homeowners can choose between the criss-cross “knurled” pattern or the lined “coin” detail, both of which allow for an ergonomic grip when switching between shower functions.

Using the same responsive and intuitive technology as the company’s popular multifunction hand showers and showerheads, WaterSconce allows users to easily personalize their shower experience. The “rain” setting offers a strong and steady shower while the “air” setting delivers a light, fresh cascade. And for an invigorating, kneading sensation, the “massage” setting provides a relaxing spa-like experience in the convenience of your home. Plus, WaterSconce is adjusted vertically with ease so that it targets just the right spots.

Beyond its good looks, WaterSconce is a breeze to install and maintain. It features California Faucets’ “quick connect” technology for easy assembly, plus self-cleaning rubber jets mean less time cleaning.

List pricing for WaterSconce starts at \$1,595 for Polished Chrome finish.

“WaterSconce steals the show in the shower. Like a leading actor, WaterSconce commands attention. And its imposing presence is enhanced by its artisan-applied finish and distinctive edge detail.”

—Noah Taft, California Faucet’s Chief Marketing Officer

About California Faucets

At California Faucets, we believe in **artisan hands**, not mass production. Recognized as the “Best Value in Luxury Faucets” by StarCraft Reviews, the oldest independent reviewer of faucets, StarCraft Reviews, we’ve been designing, finishing, and assembling solid-brass bath products at our Huntington Beach factory since 1988. Available in 25+ artisan **finishes**, every faucet can be easily customized or purchased exactly as shown in our catalog. Our popular bath collections proudly provide the latest in bath and shower technology with innovations such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements and are the heart of our ever-evolving line of bath faucets, shower fittings, luxury drains, and accessories. We’ve also applied the same handcrafted quality and custom options to a full line of kitchen faucets. Our **Kitchen Collection** combines Italian design with California craftsmanship and offers a full range of matching accessories for a thoroughly coordinated look. For more information about California Faucets, call 800-822-8855 or visit **CaliforniaFaucets.com**.
