# California Faucets Updates the Classic Telephone-Style Tub Filler

With sturdier legs and a higher flow rate, the new Balboa Series Tub Filler offers vintage style with superior function

**California Faucets' vintage-inspired Balboa Series Tub Filler now features sturdier legs and a faster fill**

(Huntington Beach, CA September 12, 2024) California Faucets presents the newly redesigned **Balboa Series Tub Filler**. A perennial favorite for reflecting period style, Balboa features a retro-inspired telephone-style design. The update, which includes making Balboa's standing legs substantially stronger and more efficient, results in a beautiful vintage-meets-modern design ideal for today's luxury baths.

“To quote ZZ Top, Balboa’s got legs and knows how to use them. The more robust leg design brings out the rich beauty of the solid brass while also delivering unrivaled water flow.”

—Noah Taft, California Faucet’s Chief Marketing Officer

Made of solid brass, Balboa produces a generous flow rate of 13 Gallons Per Minute (GPM). So bathers can spend more time indulging in a soothing bath and less time waiting for the tub to fill.

Balboa features an elegant porcelain handle and index buttons—a true throwback to the telephone-style faucet of yesteryear. However, designers and homeowners looking for a more modern flair can customize Balboa with a vast variety of handles to create a more contemporary look.

With customization always top of mind, Balboa is available in floor-, wall-, and deck-mount styles and the handshower cradle may be positioned on either the left or right side. Plus, with more than 25 available artisan-applied finishes, including PVD finishes guaranteed against tarnishing, Balboa can be styled for virtually any bath environment.

List pricing for Balboa Tub Filler starts at \$2,975 for Polished Chrome finish.
