(Huntington Beach, CA, April 30, 2025) Recognized for innovation and unparalleled attention to detail, California Faucets offers an alternative to utilitarian out-of-the-box flush plates. Their new stylishly sleek Dual-Flush Actuator **Wall Flush Plate** is the ideal companion to today's "floating" wall-hung toilets. Lending that extra element of luxury, the streamlined design inspires designers and homeowners alike to create a well-coordinated bath with perfectly matching finishes throughout.

With 25-plus artisan finishes, flush plates perfectly coordinate with faucets and other bath hardware

One of the few faucet manufacturers to offer flush plates, California Faucets engineered a sleek, solid brass plate that's available in over 25 unique artisan finishes.

"A flush plate can be an easily overlooked detail, but a mismatched finish can detract from the bath's overall look—there's no need to flush away style," quips California Faucets Chief Executive Officer Jeff Silverstein, pointing out that the company's sleek and minimal flush plates enhance the space-saving, streamlined look of wall-mounted toilets.

California Faucets' new flush plates are designed to work with dual-flush toilets, which help homeowners save thousands of gallons of water per year. They feature two solid brass buttons: a larger button for when more water is needed and a smaller button when a flush requires less water.

Offered in an abundance of artisan finishes, it's easy to coordinate the flush plates with the rest of the company's bath products—from faucets and tub fillers to drains and drawer pulls—making California Faucets a one-stop destination for creating a cohesive design statement in the bath.

California Faucets' Dual-Flush Actuator Flush Plate for Wall Hung Toilets works specifically with the dual-flush Geberit Duofix Sigma concealed tank and carrier systems. List pricing for the flush plate starts at \$579 in a Polished Chrome finish.

About California Faucets

At California Faucets, we believe in **artisan hands**, not mass production. Recognized as the "Best Value in Luxury Faucets" by StarCraft Reviews, the oldest independent reviewer of faucets, StarCraft Reviews, we've been designing, finishing, and assembling solid-brass bath products at our Huntington Beach factory since 1988. Available in 25+ artisan **finishes**, every faucet can be easily customized or purchased exactly as shown in our catalog. Our popular bath collections proudly provide the latest in bath and shower technology with innovations such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements and are the heart of our ever-evolving line of bath faucets, shower fittings, luxury drains, and accessories. We've also applied the same handcrafted quality and custom options to a full line of kitchen faucets. Our **Kitchen Collection** combines Italian design with California craftsmanship and offers a full range of matching accessories for a thoroughly coordinated look.
