(Huntington Beach, CA, September 30, 2025) California Faucets takes customizable bath faucets to new, vibrant heights with the latest update to its iconic **Del Mar** bath faucet collection. A design that pays homage to timeless and elegant Art Deco style, Del Mar has been reimagined with authentic porcelain handles in bold color options for a fresh twist for modern bathrooms.

Complementing the high-quality solid brass of California Faucets spouts and handles, the porcelain handles come in a variety of hues including striking shades of Blue, Orange, Pink, Yellow, and the newly introduced Green. A true mix of classic and modern, the porcelain inserts are produced in the small UK city of Stoke-on-Trent, a center of fine porcelain

production that's been the hub of ceramic and pottery manufacturing since the 17th century and home to prestigious brands such as Royal Doulton and Wedgwood. Though fresh colors offer a modern update, the series maintains its classic appeal while embracing a playful, contemporary spirit.

"Think of it as a trip down memory lane with a psychedelic twist," says Noah Taft, California Faucets Chief Marketing Officer. "Timothy Leary once said, 'Turn on, tune in, drop out.' Likewise, with the new color options, we're saying turn up the color, tune into your style, and drop the ordinary," Taft adds.

An array of handle styles and configurations, plus a complete selection of coordinated accessories, make the Del Mar series a great fit for virtually any bath or powder room.

The collection is available in widespread or single-hole deck mounted versions as well as single- or double-handle wall mounted options. In addition to the array of colorful porcelain handle choices, Del Mar is also available in Art Deco Black and Red, along with the original Metal Lever handle and classic Cross Handle designs.

Besides the bold handle color choices, the faucet itself is available in over 25 artisan finishes, including trending shades like champagne-inspired Satin Bronze and Matte Black, for virtually unlimited color combinations. All finishes are applied by hand at California Faucets' Huntington Beach factory and options include PVD (Physical Vapor Deposition) finishes, which offer added durability and are guaranteed not to tarnish.

The colorful vibe can be carried throughout any bath or powder room with coordinating accessories. Shower controls, Roman tub faucets, bidets and even bar and prep faucets can be customized to add a splash of color while showing off one's unique personality.

List pricing for the Del Mar bath faucet starts at \$907 for the 8-in. widespread bath faucet in polished chrome finish with standard or colored handles.

## About California Faucets

At California Faucets, we believe in **artisan hands**, not mass production. Recognized as the "Best Value in Luxury Faucets" by StarCraft Reviews, the oldest independent reviewer of faucets, StarCraft Reviews, we've been designing, finishing, and assembling solid-brass bath products at our Huntington Beach factory since 1988. Available in 25+ artisan **finishes**, every faucet can be easily customized or purchased exactly as shown in our catalog. Our popular bath collections proudly provide the latest in bath and shower technology with innovations such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements and are the heart of our ever-evolving line of bath faucets, shower fittings, luxury drains, and accessories. We've also applied the same handcrafted quality and custom options to a full line of kitchen faucets.
